Hand made rugs often take up to two or more years to complete. These are 100% hand made with no two rugs exactly alike reflecting the rug maker's individual preferences and craftsmanship.

KASHAN carpets originally come from a large town along the western edge of the great desert, Kevir in the province of Isfahan in west central Iran. Our collection of Indo Kashan carpets

are made from the finest New Zealand wool on cotton foundation. The exquisite workmanship evident

in these rugs from the North west of India have given these rugs an international reputation as one of today's most popular rugs, offering product reliability, durability and superb design and color combinations.
